

CYBER SECURITY 2024 NO BUSINESS IS SAFE

Cyber criminals are constantly evolving their attack methods with the objective of either stealing money, causing operational disruption, or stealing data to sell online.

Join this session where Kris hansen of Proofpoint will share the latest threat research on the ways the bad guys are stealing money and information from Australian organisations of all sizes, and some of the most effective ways to protect your business.

GUEST SPEAKER:

Kris Hansen is the MSP & Cloud Director for APJ region at Proofpoint, Kris & his team help MSPs across Australia, New Zealand and Asia to centrally manage their customers Email Security and User Security Training using the Proofpoint MSP Essentials solution. Kris has worked in Channel for over 15 years including stints in the USA & Western Europe while now coming back to the APAC market applying that global experience of how MSPs around the world are cost effectively securing their customers.
